2017 Formulary
(List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 00017034, Version Number 5

This formulary was updated on 09/07/2016. For more recent information or other questions, please contact us, Quality Health Plans of New York Member Services at 877-233-7058 or, for TTY users, 711, Sunday through Saturday, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from October 1 to February 14, and Monday through Friday, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from February 15 to September 30, or visit <http://qhpnny.com>.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Quality Health Plans of New York. When it refers to “plan” or “our plan,” it means Advantage Silver NY or Advantage Health LI.

This document includes *a* list of the drugs (formulary) for our plan which is current as of 01/01/17. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2018, and from time to time during the year.

The Formulary and/or pharmacy network may change at any time. You will receive notice when necessary.

What is the Advantage Silver NY or Advantage Health LI Formulary?

A formulary is a list of covered drugs selected by Quality Health Plans of New York in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Quality Health plans of New York will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Quality Health plans of New York network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2017 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2017 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of 01/01/2017. To get updated information about the drugs covered by Quality Health Plans of New York, please contact us. Our contact information appears on the front and back cover pages. In the event of mid-year non-maintenance formulary changes, the changes are posted on our website, www.qualityhealthplansny.com.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 12. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the list that begins page 12 below. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 80. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Quality Health Plans of New York covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Quality Health Plans of New York requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Quality Health Plans of New York before you fill your prescriptions. If you don't get approval, Quality Health Plans of New York may not cover the drug.
- **Quantity Limits:** For certain drugs, Quality Health Plans of New York limits the amount of the drug that Quality Health Plans of New York will cover. For example, Quality Health Plans of New York provides 62 tabs per prescription for Celebrex. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Quality Health Plans of New York requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Quality Health Plans of New York may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Quality Health Plans of New York will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 12. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Quality Health Plans of New York to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Quality Health Plans of New York formulary?" on page 7 for information about how to request an exception.

What are over-the counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Quality Health Plans of New York pays for certain OTC drugs.

Quality Health Plans of New York will provide these OTC drugs at no cost to you. The cost to Quality Health Plans of New York of these OTC drugs will not count toward your total Part D drug costs (that is, the amount

you pay does not count for the coverage gap.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Quality Health Plans of New York does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Quality Health Plans of New York. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Quality Health Plans of New York.
- You can ask Quality Health Plans of New York to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Advantage Silver NY or Advantage Health LI Formulary?

You can ask Quality Health Plans of New York to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Quality Health Plans of New York limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Quality Health Plans of New York will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 31-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 31-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with up to a 98-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

A current member may have a change in his/her treatment setting due to the level of care required. Such transitions include:

1. Members who are discharged from a hospital to a home;
2. Members who end their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to now use their Part D plan;
3. Members who give up Hospice Status and revert back to standard Medicare Part A and B coverage;
4. Members discharged from chronic psychiatric hospitals with highly individualized drug regimens;

For these unplanned transitions, members may need to request an exception or an appeal for continued coverage of their drug. In addition, Quality Health Plans of New York shall review requests for continuation of therapy on a case by case basis for members who have had a change in their level of care and are stabilized on drug regimens that if altered, are known to have risks.

Quality Health Plans of New York may provide a transition fill up to a one-time thirty-one (31) day supply to allow the member time to transition to formulary alternative or to complete the coverage determination and exceptions process.

For more information

For more detailed information about your Quality Health Plans of New York prescription drug coverage, please review your Evidence of Coverage and other plan materials.

H2773_QHPNY0917 Accepted

If you have questions about Quality Health Plans of New York, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Quality Health Plans of New York's Formulary

The formulary below provides coverage information about the drugs covered by Quality Health Plans of New York. If you have trouble finding your drug in the list, turn to the Index that begins on page 80.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., MOTRIN) and generic drugs are listed in lower-case italics (e.g., *ibuprofen*).

The information in the Requirements/Limits column tells you if Quality Health Plans of New York has any special requirements for coverage of your drug.

Abbreviations:

B/D: This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

CB: This prescription drug has a capped benefit limit.

EA: Each.

ED: This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

HI: Home Infusion. This prescription drug may be covered under our medical benefit. For more information, call Member Services at 877-233-7058 7-days a week, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from October 1 to February 14, and Monday through Friday, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from February 15 to September 30. TTY users should call 711.

LA: Limited Availability. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services 877-233-7058 7-days a week, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from October 1 to February 14, and Monday through Friday, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from February 15 to September 30. TTY users should call 711.

MO: Mail Order Drug. This prescription drug is available through a mail-order service.

PA: Prior Authorization. Quality Health Plans of New York requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Quality Health Plans of New York before you fill your prescriptions. If you don't get approval, Quality Health Plans of New York may not cover the drug.

QL: Quantity Limit. For certain drugs, Quality Health Plans of New York limits the amount of the drug that

Quality Health Plans of New York will cover. For example, Quality Health Plans of New York provides 60 per prescription for Amitiza. This may be in addition to a standard one month or three month supply.

ST: Step Therapy. In some cases, Quality Health Plans of New York requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Quality Health Plans of New York may not cover drug B unless you try Drug A first. If Drug A does not work for you, Quality Health Plans of New York will then cover Drug B.

Advantage Silver NY
Advantage Health LI
2017 Formulary
(List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 00017034, Version Number 5

This formulary was updated on 09/07/2016. For more recent information or other questions, please contact us, Quality Health Plans of New York Member Services at 877-233-7058 or, for TTY users, 711, Sunday through Saturday, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from October 1 to February 14, and Monday through Friday, 8:00 a.m. - 8:00 p.m. Eastern Standard Time from February 15 to September 30, or visit <http://qhpny.com>.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Quality Health Plans of New York. When it refers to “plan” or “our plan,” it means Advantage Silver NY or Advantage Health LI.

This document includes a list of the drugs (formulary) for our plan which is current as of 01/01/2017. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2018, and from time to time during the year.

The Formulary and/or pharmacy network may change at any time. You will receive notice when necessary.
